

## Welcome to the Running Society

Publié le mardi 18 septembre 2012 11:16

---

The Running Society offers its members running in all forms and distances in a spirit of « sports relaxation and fellowship » rather than « competition and elite running » !

Each year there is a continued increase in membership and participation in regional races and international marathons, we develop exchanges with associations of other Airbus sites.

We also have more and more enthusiasm for nature trails, under the spell of the great outdoors ! Two "open days", Road & Trail, are organized for all Airbus staff.
