

Welcome to the Ski Society

Publié le mardi 18 septembre 2012 14:05

The goal of the Ski Society is to have as many people as possible practice skiing and snowboarding; to this end, the Society organises skiing and snowboarding outings for fun and initiation in the various Pyrenees resorts (and occasionally in the Alps).

Several packages are offered: day outings in the Pyrenees (Saturdays and Sundays), week-ends in the Pyrenees, one week in the Alps (outside of school vacations).

These outings are all supervised and accompanied by one of the Society's leaders.

The volunteer ski instructors of the Ski Society can teach skiing and snowboarding (depending on their availability).
